Sponsorship Opportunities with Greenock Golf Club

We are in the process of developing a new club sponsorship initiative which will allow local businesses prominent on-course advertising via our new, professionally produced twin-post hole signage (please see attached visual), as well as a host of other exclusive branding and advertising opportunities.

This is an exclusive opportunity to work in conjunction with one of Inverclyde's premier golfing facilities, and to promote your business to a captive and thriving membership base, as well as the hundreds of visitors we welcome to the course each year.

We have a number of different sponsorship packages available, so if you are interested in supporting the club and promoting your business, please contact me (via the details below) as I'd be happy discuss your requirements and look to arrange a bespoke package that would suit your budget and requirements.
