

Greenock Golf Club

4 Man Stableford Results 24/10/20

Dear Charles

Please find attached the Results of the yesterday's 4 Man stableford. The number of entrants was reduced due to the weather, however, it was great that the course stood up to the weather and was still playable for those who dared to venture.

WHS HANDICAP INDEX

=====

Scottish Golf have also sent out emails informing golfers that their estimated WHS Handicap Index has been updated. Please note that for Greenock Members SG have used the wrong course (wee course) to calculate the Indexes, this has resulted in all Greenock Members handicaps going up by 5 shots !!

Don't get too excited as SG have been informed about this and will fix it over the next few days.

MATS REQUIRED TO PLAY FROM 1st NOV

=====

Please note that from 1st November you will require a mat to play golf (or take to the semi rough). Duncan is getting a new supply of Mats this week, so please ensure that you purchase your mat before start of November. I believe he has 2 types.

USE YOUR WINNINGS

=====

Duncan has also asked me to remind members to start to look to use up their winnings for the season and put any orders in for Christmas.

MURRAY CUP

=====

Just to remind folks that Saturday 31st October is the last date to play in the Murray Cup. (Wee Course Trophy). I will send out the latest standings for this Cup in the next few days, however the current leading score is 60 (Net 30 & Net 30) by John Tolan. So if you have already scored a decent round in this competition then this week is your last chance.

Thanks

Alex Roy M&H Convenor
